- Khmer
- English

PROFILE

Motivated Web Developer with hands-on experience as an intern in building and maintaining web and mobile applications. Skilled in frontend, backend, and mobile development, with strong knowledge of modern frameworks, databases, and clean UI design. Passionate about solving real-world problems with scalable and efficient software solutions.

PERSONAL PROJECT

JAN 2024 - PRESENT

OPPORTUNITY - WEB/MOBILE APPLICATION

- Developed a platform for discovering scholarships, internships, jobs, events, and educational opportunities.
- Built the backend with Java, Spring Boot, RESTful APIs, and MySQL.
- Implemented authentication, user and opportunity management, and frontend-backend integration.
- Designed recommendation-oriented features beyond basic CRUD operations.

NISSET - MOBILE APPLICATION

- Developed a React Native mobile app helping Cambodian students explore universities, majors, scholarships, events, and jobs.
- Built the application using React Native with reusable components and mobile navigation.
- Designed the mobile UI/UX from scratch using Figma with user-centered principles.
- Integrated MongoDB and built reusable components and navigation for a responsive mobile experience.
- Focused on responsive layouts, usability, and a consistent mobile experience.

SCHOOL MANAGEMENT SYSTEM – WEB DASHBOARD

- Designed and developed an administrative school management dashboard using Next.js and TypeScript.
- Implemented management interfaces for faculties, departments, students, teachers, courses, and schedules.
- Developed reusable components including sidebar navigation, navbar, dashboards, tables, filters, and charts.
- Implemented schedule management with filtering by faculty, department, class, semester, teacher, day, and status.
- Focused on responsive design, component reusability, and a clean administrative user experience.

PERSONAL PORTFOLIO — REACT + VITE

- Designed and developed a responsive personal portfolio website using React, Vite, and Tailwind CSS.
- Built reusable components for navigation, hero sections, skills, projects, contact, and project detail pages.
- Implemented smooth UI animations and interactions using Framer Motion.
- Added Dark/Light Mode and English/Khmer multilingual support using i18next.
- Designed the complete UI/UX using Figma with a focus on modern visual design, responsiveness, and usability.

INTERNSHIP EXPERIENCE

SPRING INTERNSHIP PROGRAM

Spring Education Center | 2026

- Participated in a structured internship program focused on professional development, marketing, and sales.
- Strengthened professional skills through mentoring, coaching, and networking.
- Developed practical communication, teamwork, and problem-solving skills through group activities and assigned tasks.

FRONTEND WEB INTERNSHIP

Etec Center | 2026

- Developed responsive web interfaces using React.js based on UI/UX requirements.
- Designed and refined web interfaces using Figma before implementing them in React.
- Translated Figma designs into reusable and interactive React components.
- Implemented responsive layouts and frontend features across different screen sizes.
